Dwarf rat 333

Electrophysiology 133, 199, 242, 379
Encephalomyelitis 171
Enkephalins 224
β-Endorphin 20, 208, 231, 293
Energy balance 341
Estradiol 72
Estrogen, *see* Gonadal steroids

Excitatory amino acids 179
Extracellularly responsive kinases 46

Feeding 126
Fischer rats 80
Fishes 57, 224, 252
Food intake 327, 341

G-protein-coupled receptors 379
GABA 133, 179
Galanin 67
– receptors 67
Galanin-like peptide 67
GH_3 cells 242
GH_4 cells 46
Glutamic acid decarboxylase 133, 144
Gonadal steroids 11, 29, 37, 80, 133, 162, 252, 263, 272, 293, 306, 350
– – antagonists 162
– – receptors 29, 80, 91,350, 360
Gonadotropes 252
Gonadotropin-releasing hormone 199, 252, 263, 284
Gonadotropins 37, 199, 252, 263, 272, 392
Growth factors 368
– hormone 392
– – antagonists 392
– – receptors 392
– – secretagogue(s) 327
– – – receptor(s) 327, 333
– hormone-releasing hormone 327

Habenula 91
Hamster 284
Hexarelin 327
Hippocampus 133, 218, 333
Hypertonic saline 114
Hypocretins 195
Hypoglycemia 126
Hypothalamic-pituitary-adrenal axis 114

Immobilization 114
Immunocytochemistry 2, 29, 80, 91, 102, 187, 208, 218, 293
Insulin 341
Insulin-like growth factors 171
Intermediate lobe 379
Introns 368

K^+ channels 208
Ketanserin 11
Knock out mice 263

Lactation 72, 91
Lactotrope(s) 72, 80, 242
Leptin 195, 341
– receptor 341

Maternal behavior 91
Melanocortin 126
Melanotropes 379
Melatonin 57, 154
– receptors 57
MG-63 cells 187
Mitogen-activated protein kinases 46
Molecular neuroendocrinology 67, 224, 293, 333, 360, 368, 400
Mouse 126, 208, 218, 360
Multinucleated neurons 318
Musk shrew 29

Nerve growth factors 133
Neuroblastoma 360
Neuropeptide Y 263, 327, 360
– – receptors 360
Neuroregeneration 171
Neurotensin 379
– antagonists 379
– receptors 379
Neurotrophin-3 144

Obesity 195, 350
Ontogeny 133, 154, 231, 333
Opioid peptide(s) 20, 208, 224, 293
– – agonists 208
– receptors 187
Orexins 195
Osmotic stress 114
Osteocalcin 187
Ovariectomy 162
Oxidative stress 179
Oxytocin 306

Paraventricular nucleus 306, 327, 400
Patch-clamp 379
Periventricular nucleus 144
Phosphatase 187
